

Educational Adventures encourages parents to watch the Danger Rangers with their children so the whole family can learn the Danger Rangers' "Safety Rules!"

Here's a few questions you can review with your family after watching "Fires & Liars" to make sure they are Danger Ranger Ready!

1. What do you do if there is a fire emergency?
2. If there's smoke in the room, what should you do?
3. What should you do before opening a door in a building where there is a fire?
4. Why is it important not to play with matches?
5. What should you take with you if you are exiting a burning building?

Learn more about children's safety and how you can make learning fun at www.DangerRangers.com

1. Dial 911 and exit the building immediately.
2. Drop low and crawl toward an exit.
3. Touch the door with the back of your hand to feel for heat.
4. Matches can cause fires.
5. Nothing.
